

ideas to make our first ideas. So, after that we went back to school.

On the second day we were put against time to get a poster, one-minute ad/video. We had lunch after the first two hours, then back for the end of the time limit which was an hour. We were so excited to start everything we got to it quickly. We all tried our very hardest. At the end of that hour we went and had pizza at the restaurant. Then we did our presentations and explained our products. We played and then went to the award ceremony and most teams got an award.

JAPANESE NEWS

This week, three of our Year 5 classes were lucky enough to have the opportunity to participate in a Skype session with students in Japan. During our Japanese lesson, we connected with Year 5 students in the town of Wake near Okayama in Japan. As we had the video connected, we could wave and see the friendly, smiling faces of the students and teachers we were talking to all the way over in Japan.

After introducing ourselves, each of the student got to challenge a Japanese student to a game of Janken Pon (Rock, Scissors, Paper), with the winner getting the opportunity to ask their counterpart a question in Japanese/English. It was great to see all of the Ormeau students joining in and connecting with the students from Wake Town.

At the end of our Skype session, the Year 5 Ormeau SS students got to show off their storytelling skills in Japanese by presenting the story Omusubi Kororin (The Rolling Riceball) with actions to the students in Japan. Needless to say, they were very impressed by our students' abilities to tell the traditional folk story completely in Japanese!

It's amazing that we can connect with students in a different part of the world during our lesson time. Many thanks to Mr Rick for getting Skype enabled for this opportunity and to our fantastic Year 5 students for participating so well – I'm so proud of your efforts

Sensei (Mrs Hayes)

BEENLEIGH SHOW RESULTS

Students in Year 4 were very successful in the results for the Beenleigh Education Section in the Show.

Section	First - \$6 prize money	Second - \$4 prize money	Third - \$2 prize money	Highly Commended
